# EVENT

3 Mills Studios provides the perfect temporary base or event location in east London. Ideally situated to the south of the future Queen Elizabeth Olympic Park and only 15 minutes walk from the Stadium, with the rest of London at its doorstep.

The studios are able to provide a range of spaces between 3,000 -13,500 sq ft, totalling 108,000 sq ft; easily accommodating the most lavish of events, corporate hospitality or a large team needing a home in the area.

3 Mills has played home to a host of internationally renowned artists, filmmakers and entertainers, including Lady Gaga, Danny Boyle and Tim Burton, to name a few, whilst also acting as an event location. Add to this that it is also the home of the 2012 opening and closing ceremonies team, and you really have the perfect place to immerse yourself in the energy and spirit of east London's creative talent.

So whether you are planning one-off events, corporate hospitality or somewhere to base yourself, 3 Mills is ideally located, with easy access to the Park, 20 minutes to central London and London City airport, and all set within a historic location, full of character.
